CIHR Training Grant in Interdisciplinary Primary Health Care Research
“TUTOR-PHC”
Transdisciplinary Understanding and Training on Research—Primary Health Care

TUTOR-PHC is a one-year, national interdisciplinary research training program funded by the Canadian Institutes of Health Research (CIHR) and the Canadian Health Services Research Foundation (CHSRF) with representation from the disciplines of: Family Medicine, Nursing, Psychology, Epidemiology, Social Work, Sociology, Education and many others.

Mentors’ Participating Universities

Western
UBC
McMaster University
University of Saskatchewan
Dalhousie University
Université de Montréal

Mentor Team
Moira Stewart, PhD, Principal Investigator
Lesley Bainbridge, PhD (c)
Marie-Dominique Beaulieu, MD
Judith Belle Brown, PhD
Fred Burge, MD
Lisa Dolovich, PharmD
David Dozois, PhD
Johanne Goudreau, PhD
Stewart Harris, MD
Anita Kothari, PhD
Lyne Lalonde, PhD
Carol McWilliam, EdD
Vivian Ramsden, PhD
Graham Reid, PhD
Amardeep Thind, PhD
Roanne Thomas-MacLean, PhD
Evelyn Vingilis, PhD
Susan Watt, DSW
Sabrina Wong, PhD

The TUTOR-PHC Program
The innovative curriculum (primary health care research skills and interdisciplinary theory and process) includes:
- An onsite 3-day symposium in Toronto, ON from May 2-5, 2011
- Two 3-week online research skill development workshops - June and November
- Two 7-8 week online interdisciplinary discussion groups—September to November and January to March
  - Fall - present your own research project to peers and receive interdisciplinary feedback
  - Winter - work with an interdisciplinary team to create a primary health care research project
- Students accepted to the program will have their research supervisor participate in aspects of the program.
- At the end of the program trainees will be able to complete an interdisciplinary primary health care research proposal

Check out our website for a full explanation of curriculum and a list of program alumni!
www.uwo.ca/fammed/csfm/tutor-phc

Who is accepted into TUTOR-PHC?
- Students from Canadian Universities
- Interested/engaged in primary health care research regardless of their home discipline
- Graduate students, post-doctoral fellows, residents doing research fellowship, OR mid-career clinicians

What’s in it for me?
- A fellowship
  Limited fellowships are available depending on academic level and health professional status
- CIHR Strategic Training Fellow Title
  You are awarded the prestigious title of “CIHR Fellow in Interdisciplinary Primary Health Care Research”
- Graduate Course and/or CME Credits
  The program is accredited as one full graduate course and as a physician, you can also receive CME credits
- It’s absolutely free!
  There is no cost to you - travel and accommodation for the symposium is paid by TUTOR
- Valuable feedback on PHC research
  Numerous opportunities to receive feedback from a broad range of disciplines/professionals involved in primary health care research – both peers and experts in the field
- Mentorship
  Mentors (experienced interdisciplinary PHC researchers) are available to students for advice and guidance
- Interdisciplinary Team Experience
  TUTOR-PHC provides you with actual experience in an interdisciplinary research team

DEADLINE FOR APPLICATIONS
OCTOBER 31, 2010
Start date: May 2011
End Date: April 2012
